

Required Summer Workbooks

Dear Parents of Students currently in Pre-K 3 & 4:

The ***Preschool School Zone*** workbook will be required this summer for students currently in grades Pre-K 3 and 4. These workbooks are a great tool to keep your children well-honed on their reading and math skills during the summer and prepare them for the fall. Additionally, the workbooks will be collected by your child's teacher in the fall so progress may be monitored.

Please refer to the attached form. The workbooks will be sent to the school and given to your child prior to the last school day if ordered by **Thursday, April 20. The cost of each workbook is \$5, with checks payable to St. Helen Catholic School.** Orders and checks should be submitted to your child's homeroom teacher.

As the workbooks are intended for summer review, it is suggested that you order the workbook for your child's current grade. (For example, if your child is currently in PK4, you should order the PK4 workbook.) Also, parents may order additional subject and grade-level workbooks online at Amazon.com.
