

SHCS 2019-2020 YEARBOOK

Dear Parents of Our St. Helen Saints:

Even though the staff is working diligently on the production of the school yearbook, the COVID-19 pandemic has caused us issues and cancellations, much like all of our student activities have been cancelled or postponed. We know with our extended time away from school after Spring Break, challenges will be faced in getting pictures for the yearbook.

But you can help!

The yearbook staff is requesting photographs of anything related to this COVID-19 pandemic. This global crisis will undoubtedly go down as the biggest story of this school year, and we would like to document it as thoroughly as possible.

Photos we would love to see:

How your children are spending their time:

binge watching shows, cooking, playing games, playing basketball outside, playing video games, artwork, doing online assignments, service work, etc.

Spring Break Plans: Did you cancel your plans? Did you proceed? If you continued with your Spring Break plans, share pictures on how the COVID-19 pandemic affected your time.

Community Photos: What's happening in your immediate area? Did you snap pictures of long lines at the grocery store, photos of "social distancing," empty grocery shelves? How about families waiting in the packet pick-up line, students with masks, etc.

Student/Family Home Offices: Send us photos of our "Saints" in their home "student workstations" as they participate in virtual classes and school work.

Mass Attendance: Send photos of family participating in virtual Mass (daily and Sunday Mass).

With all of us staying at home as much as possible, we expect many "stay at home" photos.

Please consider sharing your photos with us via Dropbox link to the email listed below:

shcsphotos@sthelencatholicsschool.org

Please include grade levels, teacher(s) and a brief description for ease of sorting photos.

For those using cell phones to take photos, please be sure that your phone camera is set to take high resolution images. Minimum requirement for print media is 300 dpi resolution, please.

CANDID PHOTOS are always preferable, but not always required. (*The best shots are not posed or set up with people looking at the camera.*)

YEARBOOK ADS

Due to the limited time remaining to submit photos and advertisements to our yearbook company, and in light of our economy, we have made the sad decision NOT to ask for yearbook advertisements this year. Thank you for understanding our reasoning, and thank you for supporting our continued efforts to make the best yearbook we possibly can.

Blessings to our St. Helen Families!

We love you and miss you!

— Faculty and Staff of St. Helen Catholic School

For yearbook related questions or alternative ways to submit photos, please contact Drina Boutté at dboutte@sthelencatholicsschool.org.
