

ADDENDUM: PARENT ACKNOWLEDGEMENT FORM FOR COVID-19

Student's Name: _____ Student's Date of Birth: _____

Mother's Name (print): _____ Father's Name (print): _____

As the parent/ legal guardian of the enrolling student, I recognize that the Covid-19 pandemic has necessitated changes in the manner in which instruction and disease mitigation measures may be delivered during all or part of the academic year.

Learning Environment:

I acknowledge and agree that changing circumstances occasioned by the Covid-19 pandemic may necessitate changes in the school's delivery of instruction and other programming during all or part of the academic year. These changes may include, but are not limited to:

- the substantial reduction or elimination of on-site instruction;
- the provision of distance/remote instruction to some or all students;
- the reduction, modification or elimination of athletics and other extracurricular activities; and
- the modification of the academic year calendar, including the dates, length and sequence of academic breaks.

Health and Safety Protocols:

I understand and agree that since my student will be returning to campus, he/she will be required to comply with the school's health and safety protocols as described in the school's Health and Safety Protocols (plan online). The plan's intent is to limit the spread of Covid-19. Failure to comply with such protocols may result in the immediate removal of the student from campus.

- The virus that causes COVID-19 can affect people of all ages.
- Persons of ALL AGES can be infected with COVID-19, and some will develop a severe illness. Even a young person with a mild or even asymptomatic case of COVID-19 can spread the infection to others, including those who may be far more vulnerable.
- Reasonable precautions will be taken based on available guidance. However, some of the protective measures that may be practical for adults are, for a variety of reasons, simply not possible with a wide range of students.
- COVID-19 may be spread from person to person by coughing, sneezing, speaking, and even breathing.
- A group of students is likely to occasionally disregard social-distancing guidelines, notwithstanding supervision and appropriate sanctions.
- Parents and guardians should monitor the health of their child; **DO NOT send any child to the school if they are displaying any symptom of COVID-19.**

Understandings and Acknowledgements:

- By signing this Addendum and electing to keep my student enrolled for the academic year, I acknowledge and agree that:
 - A. School retains the right to implement any such changes, whether prior to and/or during the academic year, in its sole discretion; and
 - B. No adjustment will be made to the 2021-2022 tuition charges in response to such changes.
- Risk Acknowledgement:
 - I acknowledge and agree that the school cannot guarantee a Covid-19 free environment.
 - While the school will continue to follow guidance to mitigate the likelihood of transmission, there is a risk that my student may contract Covid-19 at any time during the student's presence on campus.

- By consenting to my student's presence on the school campus, I acknowledge and accept the risk on behalf of my student.
- **I agree I will not take my child to school if my child displays any symptoms of COVID-19 or has been exposed to anyone with COVID-19. I will notify the school immediately if my child is exposed or develops symptoms.**

The school has shared with me its Health and Safety Protocols (online), which outlines the steps the school will undertake to help mitigate the exposure to and the spread of the COVID-19 virus. I have read this document, and I agree to abide by the plan as it pertains to me or my child(ren). I further agree to comply with rules and directives of the school, and I will actively encourage my child(ren) to do the same.

Signature of Mother _____ **Date:** _____

Signature of Father _____ **Date:** _____
