

An estimated 600 million pairs of shoes go into America's landfills every year ! 100% of these shoes can be recycled and most can still be reused.

That's why we are starting a sneaker drive. The sneakers that we collect will help us raise funds to support our graduating class AND will keep sneakers out of landfills.

Can you collect 1 or 2 or even 5 pairs of sneakers to help us out?

- **Athletic sneakers in any condition** (The amount of money we get back does depend on the condition but even a pair that is beyond use with separating soles, tears, etc. will earn money.)
- **Only matched pairs earn money** but singles can be recycled. Tie laces together to keep the shoes paired if possible.
- **Do not** send any non-athletic footwear including dress shoes, heels, rain boots, sandals, slip-ons, water socks, wedges, boots.
- **Questions? Email classof2024SHCS@gmail.com**
- This is an ongoing collection, please drop your shoe donations in the bin at the school.
